SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. Description: As a student living in off-campus near Ohio State University, the cost of gas has been creeping up over the last 2 years with little to no notice to us. I live in a house with 4 other students. We pay the flat rate option, and it is \$115 a month during all times of the year. Columbia Gas's price increase would affect students trying to earn their education. Not only are rent prices exorbitant, with the drastic increase in gas prices, fewer students will be able to afford living off campus, therefore making another barrier to receive an education at Ohio State and other universities within Columbia Gas's service area. This gas increase hurts people trying to earn their education who may not have the resources to pay so

much money for gas when they are also trying to pay for school and rent.
