Hi Farhan,

AEP was okay with it, but I could not figure out a technically feasible way to keep Duke and AEP folks unaware of one another. So better to do two than to breach confidentiality.

Good Afternoon,

Why are we not doing the virtual site visit jointly with AEP? I thought we had that cleared with AEP earlier?

Subject: Duke OVEC PSR audit weekly update

Dear Farhan,

I hope you are well. This week:

- LEI examined OVEC PDR rider and bills
- LEI reached out to Duke to schedule a Virtual SV for the environmental operations of the OVEC plants separately from the AEP virtual SV, and provided a set of data requests to cover the virtual SV topics (these are focused on environmental compliance). Soon as we have some tentative dates, we will run them by you.
- LEI continued audit analysis related to plant operations and capital charges, and rider charges compared to OVEC bills.

Best regards,

Marie
