**SUBJECT:** Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Description: Columbia gas should not be able to raise their rates this high. Inflation is so high it is becoming harder for the average person to keep up. These corporations with millions in profits don't need the extra money. If they say they do, it's because they are trying to keep their extreme profit margins. Somebody show some compassion for the average person. I don't have a big house and just had to get new roof and hvac system. My gas bill was almost \$200. They raise this we will need another income just to survive this winter.

Sincerely,

**Bradley Berner**
