DOCKETING CASE #: 21-0637-GA-AIR

SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Description: Columbia gas seeks to triple the monthly service charge for gas customers. Such a large increase cannot be supported. They claim they haven't raised rates since 2008 so that is ok, but most other prices have not tripled since 2008! Nor is their lack of securing proper funding years in advance a problem that should be pushed onto their consumers. Increasing fixed charges is also an incredibly regressive regime. As it stands right now, almost 50% of my annual gas charges and fees is for delivery instead of supply. With this new increase it will be

much higher than that, which does not make any economic sense.

Columbia Gas's failure to properly plan is not an issue that should be pushed onto consumers. It is not ok for any utility to triple prices overnight

Sincerely,

Bradley Berner
