SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

The proposed rate increase for service delivery is unacceptable and irresponsible. I use very little natural gas under normal circumstances. Slightly higher this year due to severe cold this winter. I accept responsibility for what I consume, but I oppose rate increases for the delivery of natural gas to my home. I have not seen any infrastructure improvements that would justify this increase. Further, this % of increase presents an economic hardship on all consumers. If Columbia Gas is struggling to deliver service to consumers under current rate structures that is Columbia Gas' responsibility not that of consumers.
