Please look at a monthly bill columbia gas already charges the customer for other things as well not just service or distribution they charge us a fee in case they need to update office chairs or remodel a office they charge us a fee for thier charity program. When I was moving houses I had a bill for 75 cents worth of actual gas I used with a distribution fee of 16 dollars It would of been 16.75. But because of all the extra fees my bill was over 40.00 I'm not sure how you allow them to charge all the extra fees .if I want to contribute to thier charity program it should be my choice.and the other fee.infastructure replacement program.capital expenditure program. All extra fees we do not receive from other utility companies I live on social security but make to much for public help please don't force me into going to food banks because of columbia gas greed ty
