This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This rate hike is ridiculous. We are already paying several riders on our bills to columbia gas for infrastructure. I am on social security and am now paying more than double for the actual natural gas than a year ago. Now they want to pile this on me. Heating my home is not a luxury. My income is not tripling but they want to triple my gas delivery cost? Please deny this unbelievable rate increase. I may have to decide between heat and food if this passes. Thank you.
