DOCKETING CASE #: 21-0637

SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

"I am writing to express my opposition to Colombia Gas's application to increase rates. As a public utility with a monopoly on utility services, I do not have any other options for a gas provider. The utility should be provided with the interest of the public in mind. Tripling people's bill for gas distribution services while many are struggling to make ends meet with inflation and stagnant wages is wrong. In this time of energy transition, more money and infrastructure should not be put into further gas lines but into renewable energy such as making heat pumps accessible in homes and providing wind and solar electricity for heating and other purposes."

This message and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.
