SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

I can't believe Puco would even consider allowing Columbia Gas to raise their rates at a time when everyone except the very wealthy are struggling just to pay their bills, with 14% inflation and \$5.09 gasoline prices, not to mention \$5-8 dollar boxes of cereal. People in the position to make these kinds of decisions seem to think the middle class can just continue to fork over more and more all the time, but most of them, if any one bothered to ask, would say they are just about at the breaking point. No more, please!
