**SUBJECT:** Proposed rate hike

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Description: I understand that Columbia Gas is requesting a rate hike that could triple existing prices. I am not against companies making money. I AM against companies that gouge customers who have little to no choice in the matter. I urge the PUCO to adopt a much lesser price increase that will satisfy the needs of the gas company so they can profit, while at the same time not sticking it to the customer who has no power. That is why we have a PUCO, and why we need you to stand for the little guy in this. Thank you.
