SUBJECT:

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Description: Columbia gas should not raise the prices by almost 3x what we currently pay. We already pay a lot as consumers and it's not fair that they are proposing this, especially with gas prices going up and with that's going on with the current economy people will be struggling to pay there bills if this gets approved.
