I would like for someone to come to their senses about raising the gas prices! This is despicable. Everyone everywhere is trying to make ends meet and it's not happening! I don't understand how you can have a clear conscience even thinking about doing something so outrageous considering your profits! Please reconsider this proposal! More and more people will not be able to pay their bill! Are any of you at the company planning on contributing to those that can't pay, or are you expecting the middle class to pay for it?!  
Get a reality grip.....please!
