This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. Columbia Gas is requesting to charge 3x the amount of what they already do. As a small business owner, I would never be able to afford to use the stove or the heat if this were to go through! Columbia Gas already burdens commercial accounts with "infrastructure" fees, but they refuse to disclose what they are charged for- I am just expected to pay it and be ok with it, which is just slimy practice. Please do not allow them to charge 3x what they are charging, especially in this economy. It will force a lot of businesses unable to get help financially to close their doors. Not to mention, a lot of families are already having to decide on which bills they are paying due to the rising costs of everything. 27% is absolutely irresponsible.
