**DOCKETING CASE #:**

**SUBJECT:** Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

Description: The increased rate hike is unacceptable and will put many families in more trouble. To triple the cost of gas is unreasonable considering most of the rate hike is not going to servicing us. Pandemic related expenses should not be covered in the hike. It is going to the company and executives to have pay raises and erect new buildings with high level amenities. Like all other businesses, they need to consider what they can cut back on instead of adding wish list items to a rate hike.
