SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

We are already charged a current rate, no matter what, of \$32/month. This charge is before usage. Customers in Ohio cannot afford another increase to working families, single parents and low income just so CGO can build a gym for their employees. It's not the customer's job to supply workout facilities and other facilities for the CGO employees. As an educator, I have to work within my means to teach the children, CGO should have to work within their means as well.

This message and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.
