Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

"The 27% rate increase is not right because many are already struggling financially to have gas to get back and forth to work, we cannot take on another energy cost increase of this magnitude. Families and individuals should not have to chose between food and energy costs."
