COUNSEL FOR OHIO GAS COMPANY

JUNE 22, 2022

BEFORE THE PUBLIC UTILITIES COMMISSION OF OHIO

| In the Matter of the Application of |) |
|-------------------------------------|--------------------------|
| Ohio Gas Company for Adjustment |) Case No. 22-411-GA-PIP |
| of its Percentage of Income Payment | |
| Plan Rider. |) |

APPLICATION

Now comes Ohio Gas Company ("Applicant") and respectfully requests the approval of the Public Utilities Commission of Ohio ("Commission") for authority to modify its Percentage of Income Payment Plan ("PIPP") Rider. In support of this request, Applicant states as follows:

- 1. Applicant is an Ohio corporation engaged in the business of providing natural gas service to customers in Ohio and as such is a public utility as defined by R.C. 4905.02 and 4905.03.
- 2. By this Application, and consistent with the December 2, 1993, Finding and Order of the Commission in Case Nos. 88-1115-GE-PIP, 90-705-GE-PIP and 90-879-GE-ORD, and the December 14, 2011, Finding and Order in Case No. 08-1229-GA-COI, Applicant requests authorization to modify its PIPP Rider.
- 3. Applicant's current PIPP Rider rate became effective on August 1, 2021. The method for computing the modified rate is consistent with Case Nos. 88-1115-GE-PIP, *et al.* The Commission's Order dated December 14, 2011, in Case No. 08-1229-GA-COI, Finding paragraph (51), adopted NorthStar Consulting Group's recommendation of an annual PIPP filing. Ohio Gas has attached the annual filing as

Attachment 1. Furthermore, the Commission found that increases in PIPP rates consisting of 10 percent or greater, or any decrease in PIPP rates, should trigger an annual rate adjustment. The resulting rate is comprised of two components and proposes to recover within a twelve-month period: (1) those PIPP customer account balances existing as of March 31, 2022, that have aged for a period of greater than 60 days, and (2) an amount of arrears it expects to continue to occur in succeeding twelve-month Calculations supporting the modified PIPP Rider rate are attached as periods. Attachment 2. The new proposed rate is \$(0.0193) per MCF billed. The proposed revised tariff sheets (redlined and clean versions) are attached as Attachment 3.

4. In accordance with the procedure recommended in the direct testimony of the Commission Staff in Case Nos. 88-1115-GE-PIP, et al. and the procedure established by Entry dated June 25, 1993, in Case No. 93-1000-EL-EFR, Applicant will implement the proposed PIPP Rider rate for all usage on and after August 1, 2022, absent action by the Commission.

Respectfully submitted,

/s/ Bryce A. McKenney
