

# THE PUBLIC UTILITIES COMMISSION OF OHIO

IN THE MATTER OF THE UNCOLLECTIBLE  
EXPENSE RIDER OF WATERVILLE GAS & OIL  
COMPANY.

CASE NO. 22-317-GA-UEX

## FINDING AND ORDER

Entered in the Journal on June 29, 2022

### I. SUMMARY

{¶ 1} The Commission approves the application of Waterville Gas & Oil Company to increase its uncollectible expense rider rate.

### II. DISCUSSION

{¶ 2} Waterville Gas & Oil Company (Waterville or Company) is a natural gas company, as defined in R.C. 4905.03, and a public utility, as defined in R.C. 4905.02, and, as such, is subject to the jurisdiction of this Commission.

{¶ 3} In Waterville's last rate case, the Commission approved a Stipulation and Recommendation, wherein Waterville agreed to, among other things, the establishment of an uncollectible expense (UEX) rider mechanism with the rider rate initially set at \$0.03 per thousand cubic feet (Mcf). *In re Waterville Gas & Oil Co.*, Case No. 07-194-GA-AIR, Opinion and Order (Nov. 20, 2007) at 7, 9. Since the UEX rider was initially established, Waterville has filed applications to update and adjust its rider rate.

{¶ 4} Most recently, the Commission approved Waterville's application to adjust its UEX rider and established the rate at \$0.0023 per Mcf. *In re Waterville Gas & Oil Co.*, Case No. 21-317-GA-UEX, Finding and Order (July 28, 2021).

{¶ 5} On May 10, 2022, in the above-captioned case, Waterville filed an application to increase its UEX rider rate to a rate of \$0.0011 per Mcf, as summarized below:

Current Rate	Proposed Rate	Proposed Increase
\$(0.0023) per Mcf	\$0.0011 per Mcf	\$0.0034 per Mcf

The rate is comprised of the balance of deferred uncollectible accounts expense net of recoveries, as of April 30, 2022, and the actual bad debt write-offs for the 12-month period ending April 30, 2022.

{¶ 6} On May 25, 2022, Staff filed its Review and Recommendation in regard to Waterville's application, recommending approval of the proposed UEX rider rate. Staff reviewed the Company's uncollectible accounts expense rider reconciliation, the revised rider rate calculation, and the proposed tariff sheets. Staff concluded that Waterville calculated its UEX rider appropriately and recommends that its proposed credit rate of \$0.0011 per Mcf be approved.

{¶ 7} The Commission has reviewed the application, as well as Staff's Review and Recommendation, and finds that the proposed adjustment to Waterville's UEX rider is reasonable, is in the public interest, and should be approved. Accordingly, the Commission finds that Waterville should be authorized to include the revised UEX rider rate in its tariff, which contains the terms, conditions, and rates the Company applies to the gas service it provides to customers.

### III. ORDER

{¶ 8} It is, therefore,

{¶ 9} ORDERED, That Waterville's application be approved and the Company be authorized to increase the rate for its UEX rider to a rate of \$0.0011 per Mcf. It is, further,

{¶ 10} ORDERED, That Waterville is authorized to file tariffs, in final form, consistent with this Finding and Order. It is, further,

{¶ 11} ORDERED, That the effective date of the new tariff shall be a date not earlier than the date upon which the final tariff pages are filed with the Commission. It is, further,

{¶ 12} ORDERED, That nothing in this Finding and Order shall be binding upon this Commission in any future proceeding or investigation involving the justness or reasonableness of any rate, charge, rule, or regulation. It is, further,

{¶ 13} ORDERED, That a copy of this Finding and Order be served upon all parties and interested persons of record.

COMMISSIONERS:

*Approving:*

Jenifer French, Chair

M. Beth Trombold

Lawrence K. Friedeman

Daniel R. Conway
