**DOCKETING CASE #: 21-0637-GA-AIR**

**SUBJECT:** Columbia Gas of Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

This is outrageous that they would charge us three times the rate today. And even the suggestion that PUCO is calling for don't do enough to help the consumer they are here to protect. The amount of profit on last year's numbers for this company is absurd for them to want to ask for more. We are already paying more for our normal usage as natural gas prices are on the rise and for them to ask for more on top of that is totally a need for more profit nothing more on their end. This needs to stop here. I'm really thinking of switching to an electric water heater at this point so I can shut off my gas during the summer months due to these possible charges. I get the need for service fees to maintain lines. But 47 a month is to high 30 a

month is to high anything over 20 is to high fox this now. Or ita time to change the laws of who serves the people of this state.
