**RE: Pre-Application Notification Letter
In the matter of the Construction Notice Application of Ohio
Power Company for a Certificate of Environmental
Compatibility and Public Need for the Anguin Extension No.4
Transmission Line Project in Case No. 22-0648-EL-BNR**

Dear Ms Troupe:

Ohio Power Company (the “Company”) files this pre-application notification letter for the above-reference Project pursuant to Rule 4906-6-03(A) of the Ohio Administrative Code.

The Company has identified the need to adjust the existing Anguin Extension No.4 Transmission Line Project in the City of New Albany, Licking County, Ohio. The Project consists of replacement of one structure (Structure 1) that includes a 0.12-mile line adjustment to accommodate a new tie-in of the Anguin-Brie 138 kV Transmission Line (the new 138 kV transmission line will be filed separately) into the existing Anguin Substation. The Project is located on property owned by the Company and/or previously crossed by the Project alignment. Subsequent filings with the OPSB will be required for the customer driven projects, Anguin-Brie 138 kV Transmission Line and a new Brie Substation.

The Company anticipated that construction of the Project will begin in October 2022. The anticipated in-service date for the Project is February 2022.

Respectfully submitted,

/s/ Hector Garcia
Hector Garcia (0084517), Counsel of Record
Counsel for Ohio Power Company
