

Memo

To: Docketing Division
From: Thomas Persinger, Rail Project Specialist, Rail Division
Cc: PUCO Legal Department
Date: 7-14-2022
Re: PUCO Case No. 16-787-RR-FED- In The Matter of the Authorization of Norfolk Southern Railway to Install Active Grade Crossing Warning Devices and Traffic Preemption at Norfolk Southern Railway, DOT#473-711A, State St. in Sandusky County, Ohio.

On April 7, 2016, the Ohio Rail Development Commission (ORDC) authorized construction for Norfolk Southern Railway to install active warning devices at the following location:

Street	DOT#	County	Project
State St.	473-711A	Sandusky	Lights and Gates

On May 18, 2016, the Commission issued a Finding and Order approving the project and ordering completion by 5-18-2017.

The crossing project has been completed and is in-service as follows:

Street	DOT#	County	Date of Completion
State St.	473-711A	Sandusky	6-23-2020

Accordingly, the above case may be closed.

Persinger, Thomas

Cathy,

See attached for our inspection memo and report on SAN-State Street (DOT# 473711A NS).

The Fremont city engineer requested a copy of this report. Please advise if you're ok with us sending him a copy.

If there are any follow up questions or necessary discussion, please reach out.

Have a great weekend,
Sam

Cathy,

The final inspection went well today at State Street in Fremont. Everything worked as designed during the test. We also saw a train and the system worked as designed. We will send a formal inspection form and notes later this week.

Please reach out if you have any questions.

Sam

Sam,

Don Damron will be there for ORDC. Tyrone McCroskey and Ryan Witte will be there for NS. Tucker Fredericksen and Bill Guhn for the city. NS and city are confirmed. I think the city will have the traffic signal contractor there but they didn't actually say.
