Subject: Oppose Case Number 20-1605-EL-BGN

Good Evening,

I'm writing in as another voice of opposition.

I think it is absolutely disgusting that residents do not have a voice against this. People who have lived here for decades, for generations, having no choice in what happens to the home they have lived around them.

We live in a beautiful area with wildlife and an abundance of agricultural resources that don't need to be disrupted by the proposed solar farm.

Those who wish to invest in solar are able to do so, but forcing it is not the answer.

There are better ways to achieve sustainable energy, and this is not it.
