Subject: Case number 20-1605-EL-BGN

I wanted to write again to express my opposition in this project. I do not feel this area is right for a solar farm of this magnitude. The area is too populated for this size of project.

Also, we have had lots of rain in the last couple of days and already experiencing flooding of properties and roadways. I do not feel Lightsource BP can do enough to mitigate this problem and will make the flooding worse for the surrounding properties.

Overall, Lightsource BP has not done enough to gain my support.

Thank you for your time.
