Subject: Opposition to Birch Solar project

Mr. Butler,

I am writing in **opposition** to Birch Solar project in Allen County, Shawnee Township. I live within 1000 ft. of the proposed site and would hate to see some of the most valuable crop growing acreage in the country turned into an industrial "nightmare".

I am not fond of the idea of an unelected "panel" make decisions about an area they do not live in or even visit but this is my neighborhood & this affects me greatly...loss of property value is one of many concerns along with any funding (taxes), etc.from project being determined by county commissioners who live in other parts of the community not directly affected by the proposed project.

Thank you for your consideration in this matter.
