

Re: OPSB Case No. 21-1231-EL-BGN Fountain Point Solar Project

Dear Ohio Power Siting Board:

The community of Bokescreek, Rushcreek, and Perry Townships as well as the surrounding area is a historical site. Logically, it only makes sense that the Native Americans distributed relics and artifacts encompassing this area. The solar facilities would forever destroy those historical sites.

This project does not meet the public interest, convenience, and necessity and should be denied.
