Dear Mr. Butler,

As a resident of Shawnee Township in Allen County, Ohio, I am writing to express my opposition to the proposed Birch Solar project. There are too many concerns that have not been adequately addressed, specifically environmental damage to wildlife and farmland. Another concern is the financial burdens this will cause to those whose homes and property are adjacent to the proposed location. Property values would drop, and many who are relying on their property as a type of investment for the future would suffer. It is my desire that OPSB deny the request of BP Lightsource at the final hearing.

Respectfully,
Brad Reeder
