RE: Construction Notice
Delano – Salt City Solar 138kV Line Project – Case No. 22-0579-EL-BNR
Delano Station Expansion Project – Case No. 22-0577-EL-BNR

Dear Neighbor,

You are receiving this letter because public records show you own property or live in the area where AEP Ohio representatives plan to upgrade the local power grid.

AEP Ohio representatives plan to expand Delano Substation off Township Highway 236 North in Delano and install a short 138-kilovolt (kV) interconnection between the Delano Substation and an existing transmission line to connect a solar facility to the local power grid. Plans call for installing additional equipment at the Delano Substation and require a 0.6 acre expansion of the substation. These proposed additions to the power grid support economic growth and development in Ross County.

We filed two Construction Notices for this project with the Ohio Power Siting Board (OPSB) as the Delano – Salt City Solar 138kV Line Project, Case No. 22-0579-EL-BNR and Delano Station Expansion Project, Case No. 22-0577-EL-BNR.

If approved, construction begins this fall and concludes early 2023.

Please see Page 3 of this document for key regulatory information associated with this project.

You may comment on this project by:

- Calling Joe Demaree at (380) 205-5046
- Sending an email to jkdemaree@aep.com
- Sending your comments directly to the OPSB at 180 East Broad Street, Columbus, Ohio, 43215-3793. You may also contact the OPSB at (866) 270-6772 or contactopsb@puc.state.oh.us. (Note: You can file petitions to intervene in the OPSB process to the siting board up to 10 days following the public notice announcing the project)

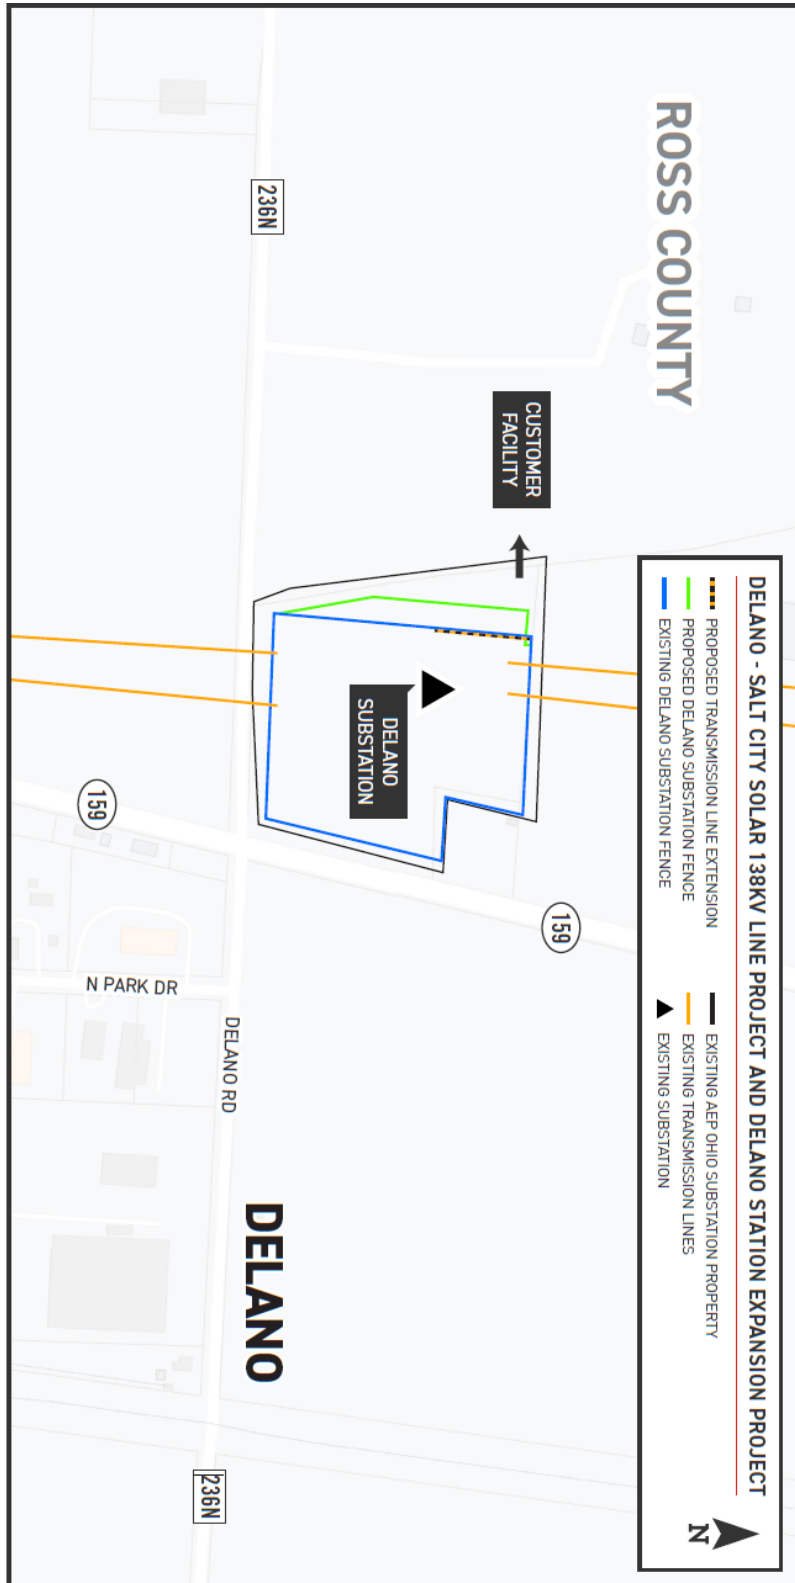

The following map shows the project area. Please use this map only as a general guide due to its reduced scale and limited detail.

If approved, construction begins this fall and concludes early 2023.

Please see the attached Construction Notices, which we must submit to the OPSB when we make certain changes to our transmission facilities. The submission complies with Rule 4906-6-01, et. seq., of the Ohio Administrative Code.

The Construction Notices to construct, operate and maintain the facilities await OPSB review. Please make the Construction Notices available to the public. We are also communicating with landowners in the project area.
