Hi my name is Margie Elam 3445 Oak Grove rd Lynchburg Ohio . A place I use to be very proud to live. Now it is just a nightmare daily thinking about what may happen to our beautiful area. I am writing to let you know I am still very much apposed to this project I am part of the group in negotiations but only because we feel forced to . The commoners are against this are state representative is against this the residents are against this . Please we are asking that you take all of this in consideration before you make a decision. So much information has come out saying how in affective they are and this beautiful land will be gone forever. Thank you for listening to me. I know this is a difficult task for all of you. We are decent people who have moved to the middle of no were by course because we wanted a quiet life.
