Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

The price of electric has gone skyrocket! This has gotten out of hand. In 2020, this time of year, I was paying \$96 a month. Last year in 2021 it had doubled to \$200 a month. This year, my bill is \$590 a month???? This is ridiculous. The crooks know we have to have electricity to heat/cool our home, cook, keep our food, but at these rates, most families will not have food!
