SUBJECT: Duke Energy Ohio - Protest Rate Case

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

I object to Duke Energy's proposed rate increases. All are rather insensitive, but doubling the base rate from \$6-\$12 is especially heinous. This is a rate we cannot lower by decreasing energy usage, and at a time when 40% of residents in my neighborhood of Kennedy Heights are behind on water payments. Average people are suffering. Wages are stagnant, health is poor, the pandemic is still out there. Accept that this is not a year to prioritize record-breaking profit and show compassion for everyday people just trying to get by and keep their homes at a reasonable temperature—especially as we face extreme weather.
