MEMORANDUM IN SUPPORT

By Entry of March 9, 2022, these cases involve a review of the operational benefits associated with the first phase of the grid modernization plan of the Ohio Edison Company, The Cleveland Electric Illuminating Company, and The Toledo Edison Company (collectively, the Companies). On April 20, 2022, the Public Utilities Commission of Ohio (Commission) selected Daymark Energy Advisors, Inc. (Daymark or Auditor) to conduct the audit services necessary to assist the Commission with the review. The Entry, pursuant to paragraph 16, incorporated the terms and the conditions of the Request for Proposal (RFP) into the contract between FirstEnergy and Daymark.

Pursuant to the April 20, 2022 Entry, the final audit report is to be filed by September 16, 2022. Daymark has informed the Staff that it requires additional time to complete the gathering of evidence and analysis central to its review in light of the complexity of the audit. Therefore, Staff requests an extension until October 14, 2022 for the filing of the final audit report.

Ohio Adm. Code 4901-1-12(C) allows the Commission to consider a motion on an expedited basis. Staff respectfully requests an expedited ruling that the deadline be extended as requested in this motion. Counsel has contacted all parties to ascertain whether any party has an objection to consideration of this motion on an expedited basis. Although responses have not been received from all parties, to date no party that has responded has expressed any objection to the extension or to an expedited ruling.

Respectfully submitted,
