The Carpenters Union has over 1000 members who live/work in Madison and surrounding counties. I believe our contractors will be able to secure this work for our members and for individuals in the community to be given the opportunity to learn a skilled trade not only in solar but all aspects of construction. Projects like these help our members work close to home, allowing them to spend more time with their families rather than spending time behind the wheel of a vehicle driving to and from work. The Carpenters Union supports the Oak Run Solar project and will work with the developers to ensure local work for local people.
