Comment  
or  
Complaint:**

I'm writing in favor of the Oak Run Solar Project. This area will benefit from the addition of new economic opportunities. I'm confident that solar will be a great first step to attract opportunities and to spur local growth. In other areas of the Midwest, solar projects have enticed new industries and manufacturers to the area, having a tremendous indirect impact on local economies and creating permanent jobs. The project itself will also be a huge boost to the county's tax base. This project will pay both tax on the underlying real property and a payment for the tangible personal property. These tax payments are over 10 times higher than what is paid when the land is in standard agriculture. I support taking advantage of this opportunity for Madison County to prosper and grow into a place our children want to stick around, work, and raise their families!
