Section B: Applicant Managerial Capability and Experience

B-1. Jurisdiction of operations

List all jurisdictions in which the applicant or any affiliated interest of the applicant is certified, licensed, registered or otherwise authorized to provide retail natural gas service or retail/wholesale electric service as of the date of filing the application..

File Attached

B-2. Experience and plans

Describe the applicant's experience in providing the service(s) for which it is applying (e.g., number and type of customers served, utility service areas, amount of load, etc.). Include the plan for contracting with customers, providing contracted services, providing billing statements and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Sections 4928.10 and/or 4929.22 of the Ohio Revised Code.

File(s) attached

B-3. Disclosure of liabilities and investigations

For the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant, describe all existing, pending or past rulings, judgments, findings, contingent liabilities, revocation of authority, regulatory investigations, judicial actions, or other formal or informal notices of violations, or any other matter related to competitive services in Ohio or equivalent services in another jurisdiction..

Liability and Investigations Disclosures: Nordic Energy Services, LLC has no liabilities or investigations to report

B-4. Disclosure of consumer protection violations

Has the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant been convicted or held liable for fraud or for violation of any consumer protection or antitrust laws within the past five years?

No

B-5. Disclosure of certification, denial, curtailment, suspension or revocation

Has the applicant, affiliate, or a predecessor of the applicant had any certification, license, or application to provide retail natural gas or retail/wholesale electric service denied, curtailed, suspended, revoked, or cancelled or been terminated or suspended from any of Ohio's Natural Gas or Electric Utility's Choice programs within the past two years?

No

Section C: Applicant Financial Capability and Experience

C-1. Financial reporting

Provide a current link to the most recent Form 10-K filed with the Securities and Exchange Commission (SEC) or upload the form. If the applicant does not have a Form 10-K, submit the

parent company's Form 10-K. If neither the applicant nor its parent is required to file Form 10-K, state that the applicant is not required to make such filings with the SEC and provide an explanation as to why it is not required.

Does not apply

C-2. Financial statements

Provide copies of the applicant's two most recent years of audited financial statements, including a balance sheet, income statement, and cash flow statement. If audited financial statements are not available, provide officer certified financial statements. If the applicant has not been in business long enough to satisfy this requirement, provide audited or officer certified financial statements covering the life of the business. If the applicant does not have a balance sheet, income statement, and cash flow statement, the applicant may provide a copy of its two most recent years of tax returns with **social security numbers and bank account numbers redacted**.

If the applicant is unable to meet the requirement for two years of financial statements, the Staff reviewer may request additional financial information.

Preferred to file this information confidentially

C-3. Forecasted financial statements

Provide two years of forecasted income statements **based solely on the applicant's anticipated business activities in the state of Ohio**.

Include the following information with the forecast: a list of assumptions used to generate the forecast; a statement indicating that the forecast is based solely on Ohio business activities only; and the name, address, email address, and telephone number of the preparer of the forecast.

The forecast may be in one of two acceptable formats: 1) an annual format that includes the current year and the two years succeeding the current year; or 2) a monthly format showing 24 consecutive months following the month of filing this application broken down into two 12-month periods with totals for revenues, expenses, and projected net incomes for both periods. Please show revenues, expenses, and net income (revenues minus total expenses) that is expected to be earned and incurred in **business activities only in the state of Ohio** for those periods.

If the applicant is filing for both an electric certificate and a natural gas certificate, please provide a separate and distinct forecast for revenues and expenses representing Ohio electric business activities in the application for the electric certificate and another forecast representing Ohio natural gas business activities in the application for the natural gas certificate.

Preferred to file confidentially

C-4. Credit rating

Provide a credit opinion disclosing the applicant's credit rating as reported by at least one of the following ratings agencies: Moody's Investors Service, Standard & Poor's Financial Services, Fitch Ratings or the National Association of Insurance Commissioners. If the applicant does not have its own credit ratings, substitute the credit ratings of a parent or an affiliate organization and submit a statement signed by a principal officer of the applicant's parent or affiliate organization that guarantees the obligations of the applicant. If an applicant or its parent does not have such a credit rating, enter 'Not Rated'.

This does not apply

C-5. Credit report

Provide a copy of the applicant's credit report from Experian, Equifax, TransUnion, Dun and Bradstreet or a similar credit reporting organization. If the applicant is a newly formed entity with no credit report, then provide a personal credit report for the principal owner of the entity seeking certification. At a minimum, the credit report must show summary information and an overall credit score. **Bank/credit account numbers and highly sensitive identification information must be redacted.** If the applicant provides an acceptable credit rating(s) in response to C-4, then the applicant may select 'This does not apply' and provide a response in the box below stating that a credit rating(s) was provided in response to C-4.

Preferred to file this information confidentially

C-6. Bankruptcy information

Within the previous 24 months, have any of the following filed for reorganization, protection from creditors or any other form of bankruptcy?

- Applicant
- Parent company of the applicant
- Affiliate company that guarantees the financial obligations of the applicant

Public Utilities Commission

- Any owner or officer of the applicant

No

C-7. Merger information

Is the applicant currently involved in any dissolution, merger or acquisition activity, or otherwise participated in such activities within the previous 24 months?

No

C-8. Corporate structure

Provide a graphical depiction of the applicant's corporate structure. Do not provide an internal organizational chart. The graphical depiction should include all parent holding companies, subsidiaries and affiliates as well as a list of all affiliate and subsidiary companies that supply retail or wholesale electricity or natural gas to customers in North America. If the applicant is a stand-alone entity, then no graphical depiction is required, and the applicant may respond by stating that it is a stand-alone entity with no affiliate or subsidiary companies.

Stand-alone entity with no affiliate or subsidiary companies

C-9. Financial arrangements

Provide copies of the applicant's financial arrangements to satisfy collateral requirements to conduct retail electric/natural gas business activities (e.g., parental guarantees, letters of credit, contractual arrangements, etc., as described below).

Renewal applicants may provide a current statement from an Ohio local distribution utility (LDU) that shows that the applicant meets the LDU's collateral requirements. The statement or letter must be on the utility's letterhead and dated within a 30-day period of the date the applicant files its renewal application.

First-time applicants or applicants whose certificate has expired must meet the requirements of C-9 in one of the following ways:

1. The applicant itself states that it is investment grade rated by Moody's Investors Service, Standard & Poor's Financial Services, or Fitch Ratings and provides evidence of rating from the rating agencies. If you provided a credit rating in C-4, reference the credit rating in the statement.
2. The applicant's parent company is investment grade rated (by Moody's, Standard & Poor's, or Fitch) and guarantees the financial obligations of the applicant to the

Public Utilities Commission

LDU(s). Provide a copy of the most recent credit opinion from Moody's, Standard & Poor's or Fitch.

3. The applicant's parent company is not investment grade rated by Moody's, Standard & Poor's or Fitch but has substantial financial wherewithal **in the opinion of the Staff reviewer** to guarantee the financial obligations of the applicant to the LDU(s). The parent company's financials and a copy of the parental guarantee must be included in the application if the applicant is relying on this option.
4. The applicant can provide evidence of posting a letter of credit with the LDU(s) listed as the beneficiary, in an amount sufficient to satisfy the collateral requirements of the LDU(s).

Preferred to file confidentially

Section D: Applicant Technical Capacity

D-1. Operations

Gas Marketers: Describe the operational nature of the applicant's business, specifying whether operations will include the contracting of natural gas purchases for retail sales, the nomination and scheduling of retail natural gas for delivery, and/or the provision of retail ancillary services, as well as other services used to supply natural gas to the natural gas company city gate for retail customers.

File(s) attached

D-2. Operations Expertise & Key Technical Personnel

Given the operational nature of the applicant's business, provide evidence of the applicant's experience and technical expertise in performing such operations. Include the names, titles, e-mail addresses, and background of key personnel involved in the operations of the applicant's business.

Exhibit B-2 "Experience & Plans"

Nordic Energy Services, LLC

Nordic was formed in 2002 as an Illinois limited liability company. Nordic supplies natural gas, electricity, and related services to commercial and industrial customers in deregulated markets. Nordic also provides customized risk management and hedging solutions, energy scheduling, bill audit services and other energy related consulting services.

Nordic has over 36,000 customers and we successfully operate under eighteen utilities. Nordic's staff has over 167 years of energy experience.

Name	Title	Energy Experience (yrs)
James Deering	President	19
Kelli Singer	Chief Operating Officer	21
	VP, Electric & Gas	
Noah Shaprio	Pricing	24
Anthony Roback	Director of Operations	6

The team at Nordic Energy Services LLC has worked closely with the Public Service Commissions in each state to ensure both adherence to, and contribution toward, policies and regulations that will continue to promote the competitive landscape in the states of New York , Maryland, Pennsylvania, Illinois, New Jersey, Virginia, Michigan, Massachusetts, Maine, Ohio, District of Columbia, and Indiana.

CONTRACTING WITH CUSTOMERS/PROVIDING CONTRACTED SERVICES:

Nordic's pricing and fee structure will be negotiated to meet each customer's specific requirements. Nordic will clearly disclose all terms and conditions of the agreement to the customer and will provide competitively priced gas and electric products. Nordic will also comply with all rules and laws set forth by the Public Utilities Commission of Ohio as it does in Indiana and Illinois.

PROVIDING CONTRACTED SERVICES:

Nordic will prepare and monitor forecasts and submit all necessary utility and pipeline nominations. Nordic will use our existing world-class systems to calculate adequate usage estimates to meet the usage demand of our customers and to comply with pipeline and utility balancing requirements.

Nordic will provide both custom and generic reports for customer use. These reports can include calculated savings, usage history, futures pricing, etc.

Nordic will provide timely and accurate invoices to customers each month with usage displayed at the account level. Detailed information will be supplied regarding gas charges and taxes per the terms of the gas sales agreement.

RESPONDING TO CUSTOMER INQUIRIES AND COMPLAINTS

Nordic strives to provide outstanding customer service and billing. Nordic has a seasoned staff of energy professionals to handle all customer inquiries and complaints quickly and competently. Additionally, Nordic has automated the enrollment and billing process and as a result our invoice accuracy rate is above 98%.

In providing great customer care Nordic has also made it a priority to answer the telephone with a live person. While this may seem like a small gesture, it has resulted in customer acquisitions and numerous compliments as competitors remain difficult to contact and therefore transact with over the phone.

Overall, we are making every effort to provide the highest levels of customer satisfaction. We have taken the approach of treating even our smaller customers with the same high level of professionalism regarding information and intelligence as we would a large industrial and to date they have showed their appreciation by remaining with us.

Exhibit D-1 "Operations"

Nordic Energy Services, LLC

Nordic Energy's Retail Electricity Marketing business is based on providing retail electric supply services to end-use customers. The driver of the business is to procure and arrange for electric energy and associated services and resources (e.g. electric capacity, transmission services, ancillary services, etc.) on behalf of end use customers with a minimum exposure of risk. Nordic's operations will not include generation but it will include scheduling energy on behalf of our customers. Once an end-user becomes a customer, Nordic becomes financially responsible for all of that customer's energy consumption for each hour as long as they remain our customer.

Nordic has built a world-class back office including personnel, systems, financial and risk management discipline. Nordic has attracted some of the most talented people in the industry to manage the back office billing, customer service and operations forecasting, pooling, hedging and scheduling. Nordic's operations team has over 167 years of combined experience in all aspects of electricity

Accounting, financial management and risk management systems and structure have been developed by Nordic's management team who has over 100 years of experience. Nordic has developed and practices a disciplined risk management operation.

Exhibit D-2 “Operations Expertise and Key Technical Personnel”

Nordic Energy Services, LLC

Nordic Energy Services LLC has the necessary technical and managerial resources to comply with all scheduling, operating, planning, reliability, customer registration and settlement policies, rules, guidelines and procedures to operate as a retail electric and natural gas supplier. As an active retail energy provider in the states of New York, Maryland, Pennsylvania, Illinois, New Jersey, Michigan, Massachusetts, Maine, Ohio, Virginia, District of Columbia, and Indiana, Nordic Energy Services LLC has firsthand knowledge of the customer operations and utility business management and will leverage its technical and managerial expertise, as described in Exhibit D-1, to successfully develop and implement the infrastructure, systems, and processes to reliably provide service to Ohio consumers. As described in the details provided in Exhibit D-3, Nordic Energy Services LLC intends to also leverage key internal staff.
