SUBJECT: Columbia Gas of Ohio - Regarding PUCO

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

It is upsetting to see the rate increase that Columbia Gas is trying to get passed. Why is it once a business is able to get a temporary rider passed, they eventually become permanent! How long must the consumer, which doesn't have much say in what utility companies charge, continue to foot the bill for items that are part of their cost of doing business. I am being charged almost \$40 a month before I even use any gas! Consumers are being hit hard with inflation cost and I believe that utility companies should start being responsible for the cost of doing business and not expect the consumer to pad their huge profits. At what point is PUCO going to say enough to the utility companies.
