DOCKETING CASE #: 21-0637

SUBJECT: Columbia Gas of Ohio - Protest Rate Case

Please do not allow Columbia gas to increase our rates by 27%. With the rising cost of everything, it is hard to understand how these companies can continue to make record profits during times of inflation. To my Knowles, it they are passing the cost into the consumer, their profits should not increase so dramatically. This is the same thing that the oil companies are doing and it is the government that is green lighting this behavior. This makes me want to consider moving to Michigan. We are only a stones throw from the border.
