To Whom it May Concern,

Please be advised that effective September 21, 2022, CustomerFirst Renewables LLC changed its name to Coho Climate Advisors LLC. This change was made to reflect the fact that our company provides advisory services on a wide range of climate and water resiliency strategies beyond renewable energy. The change does not impact in any way our legal relationships or contractual obligations. We will update documents with our new name in the normal course of contract administration.

Please feel free to reach out to me directly with any questions or additional information. If none, please confirm once the name has been processed.

Advisory services for
climate, energy, and
water
