"I would much rather invest in a new electric furnace and heat pump, and heat pump powered water heater than to pay Columbia has a dime more for a base rate hike. I barely use any gas at all other than in the winter when my furnace is on throughout the day. To end up paying more without any actual increase in usage will drive me away from wanting to be a customer. I would much rather shut my gas off and switch to all electric utilities in my home, and pay for those upgrades which benefit my home and it's value, instead of paying Columbia gas's rate hike.
