DOCKETING CASE #: 21-0637

SUBJECT: Columbia Gas of Ohio - Rates & Tariffs

Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

"With already high base rates before any resources are actually delivered, I strongly oppose these increases. Being struck with large price hikes hurts families much more than incremental increases over time. Also, as a renter in a large multi-family building (85 units), these base rates should be softened in relation to customer type. Charging all 85 units these base fees is unreasonable as Columbia Gas's expenses could not possibly be as high as if all of these 85 units were freestanding residences. There has to be significant savings of only running one gas feed to the building for all of these units."

This message and any response to it may constitute a public record and thus may be publicly available to anyone who requests it.
