Please docket the associated customer comment and/or attached in the case number referenced above under "Public Comments". This information was received by the Consumer Services Division through alternate channels and is being forwarded to be filed formally. This information is not the opinion of Staff and should not be viewed as such.

"The proposed 27% rate increase to Columbia Gas consumer bills is insane and an excuse to price gouge and bleed consumers for their money. My two family house that only uses gas for cooking right now without even turning the air on for heating/cooling pays almost \$100 a month- if this goes through I worry about what my bill would end up being! We can't afford bill increases by such a large margin and this is immoral and greedy practice coming from Columbia Gas.
