Enter your question or comment	Good afternoon, I am contacting you regarding case 22-0549-EL-BGN, also known as Oak Run Solar. I want to express my strong support for this project. We continue to need additional renewable energy in Ohio, and this will deliver that along with the battery storage component that will provide grid reliability benefits. Furthermore, it will not have any significant negative impact on the surrounding area. I urge the Power Siting Board to approve this project expeditiously. Thank you.
