AEP Ohio Transmission Company  
Southeast Columbus Area Improvements Project  
Project Component Filed As: Groves Road-Shannon 138 kV Transmission Line Project  
Ohio Power Siting Board Case No. 21-0199-EL-BTX**

Dear «ATTENTION»,

You are receiving this letter because we wanted to update you about a proposed electric transmission line project in your area.

The Southeast Columbus Area Improvements Project involves:

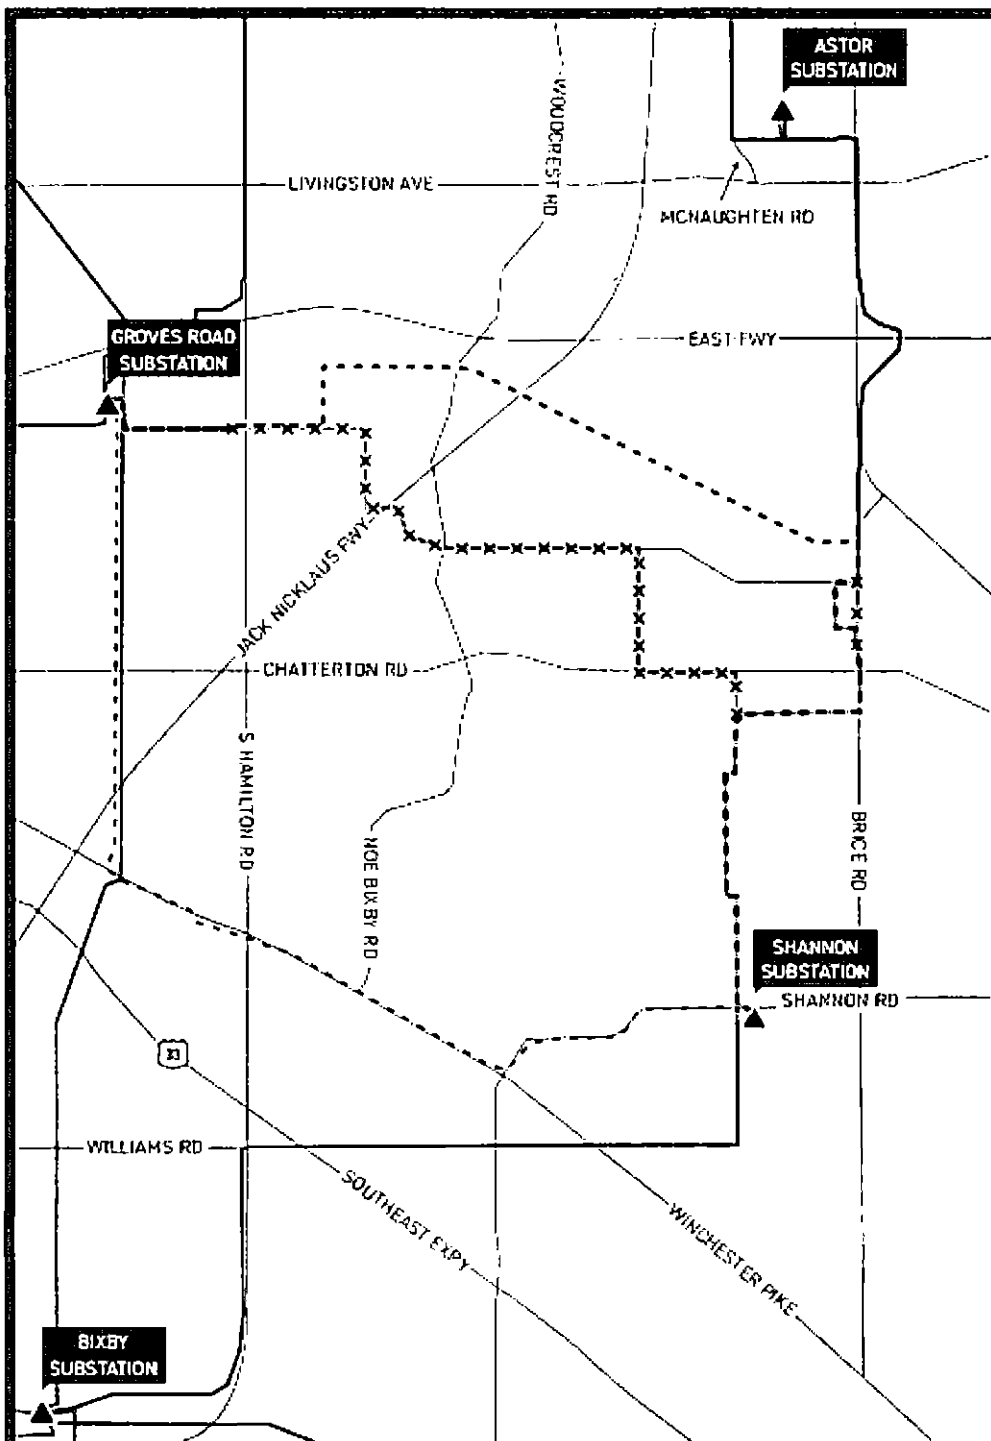

- Building approximately 5 miles of 138-kilovolt (kV) transmission line between Groves Road and Shannon substations
- Rebuilding approximately 2 miles of 138-kV transmission line between Astor Substation and an existing power line off Brice Road
- Rebuilding approximately 4.5 miles of 138-kV transmission line between Bixby and Shannon substations
- Expanding Shannon Substation near the intersection of Shannon Road and Brice Road

We wanted to let you know that public hearings are scheduled for the proposed power line route between Shannon and Groves Road substations. The public hearing consists of two parts, a local public hearing and an adjudicatory hearing.

- (1) A local public hearing, where the Board will accept written or oral testimony from any person on Tuesday, October 18, 2022 at 6:00 p.m.
- (2) An adjudicatory hearing commencing on Wednesday, November 16, 2022, at 10:00 a.m., in Hearing Room 11-D at the offices of the Public Utilities Commission of Ohio, 180 East Broad Street, Columbus, Ohio 43215-3793.

See details on the upcoming hearings below.
