<b>Enter your question or comment</b>	You are ruining my career by placing a solar farm on Oak run. Farming has been in my family for 6 generations. This harvest I was able to work beside my 85 year old grandfather. My hopes were that my son would be able to ride along side of him in the coming years but that will not be possible if you move forward with the solar farm. You are robbing him of this opportunity. You are robbing America by taking away good farmland. We will not stop fighting this fight. I owe it to my grandfather, my father, my uncles, my wife, myself, and my son. I owe it to America. Our community will not stop. This is FAR from over.
