Case No. 22-1025-AU-COI

**MEMORANDUM IN SUPPORT OF
THE OHIO CHAMBER OF COMMERCE'S
MOTION FOR LEAVE TO INTERVENE**

Pursuant to Ohio Revised Code §4903.221 and Admin. Code §4901-1-11, the Public Utility Commission of Ohio ("Commission") should grant the Ohio Chamber of Commerce ("Chamber") leave to intervene in this proceeding.

The Chamber is the state's leading business advocate, and represents nearly 8,000 companies that do business in Ohio. Some of these business entities will have electric-vehicle charging stations on premise; some entities may invest in electric-vehicle charging infrastructure; and all are directly involved in the customer experience when customer's charge an electric-vehicle on premise of the business. Therefore, the interest of the Chamber's members may be directly affected by the outcome of this proceeding. The Chamber intends to be actively involved in this case and provide information which will aid the Commission during its deliberation of this matter.

The Chamber is in the best position to represent the interests of its diverse membership. Intervention by the Chamber would not unduly delay the proceeding nor unjustly prejudice any existing party.

Accordingly, the Chamber has a real and substantial interest and is entitled to intervene in this matter under Ohio Revised Code §4903.221 and Ohio Admin. Code §4901-1-11.
