Wow. Wagoner Park had 650 customers! Man, that is going to be a hard one to beat, but now we have a benchmark to strive for. We need to grab more than 750 customers in a year. Must beat whoever did the conversions in 2016. Tony, who actually did those? I'd like to know who currently holds first place for my goal sheet. J

Attached is the spreadsheet that I had provided Marc in 2020, which has the ones that Tony and I had worked on. It does still need the recent conversion of the Meadows at Scioto Reserve. I do think it would be good to combine this with the pending transitions that Mike included on his spreadsheet.

Thanks,
Laura

I had drafted a "scorecard" to help keep up with this information.

It is just a draft and just started, but if this is what you are looking for, maybe we just fill in the rows and cells that need updated/included.
