## A-13. Company history

Verde Energy USA Ohio, LLC ('Verde OH') was organized as a limited liability company on November 4, 2011 in the State of Delaware. Verde OH is an authorized Competitive Retail Electric Supplier in Ohio, effective March 29, 2012 – License 12-489E, and has been actively serving electric customers since then.

In the first half of 2017, Verde OH began serving natural gas customers with Columbia Gas of Ohio, Dominion Ohio Energy and Duke Energy Ohio.

# **hio** Public Utilities Commission

Prior to July of 2017, Verde OH was a wholly-owned subsidiary of Verde Energy USA Holdings, LLC ('Verde Holdings') and operated pursuant to administrative service agreements with Verde Energy USA, Inc., another wholly-owned of Verde Holdings. Verde OH, Verde Energy USA, Inc. and the other Verde branded companies (other than Verde Holdings) are referred to herein as the 'Verde Companies'.

In July of 2017, Verde OH, along with the other Verde Companies was acquired by Spark Energy, Inc. ('Spark') and its affiliates. Verde is now wholly-owned by Spark Holdco, LLC.

The Verde Companies provide and support competitive retail electricity and natural gas services to customers in eight states: Connecticut, District of Columbia, Illinois, Massachusetts, New Jersey, New York, Ohio, and Pennsylvania behind approximately fifty (50) electrical and natural gas distribution companies. The Verde Companies are headquartered in Houston, Texas and have provided retail electricity and natural gas to both residential and non-residential customers since 2009.

## A-14. Secretary of State

Secretary of State Link:

## Section B: Applicant Managerial Capability and Experience

## **B-1. Jurisdiction of operations**

List all jurisdictions in which the applicant or any affiliated interest of the applicant is certified, licensed, registered or otherwise authorized to provide retail natural gas service or retail/wholesale electric service as of the date of filing the application..

File Attached

## **B-2.** Experience and plans

Describe the applicant's experience in providing the service(s) for which it is applying (e.g., number and type of customers served, utility service areas, amount of load, etc.). Include the plan for contracting with customers, providing contracted services, providing billing statements and responding to customer inquiries and complaints in accordance with Commission rules adopted pursuant to Sections 4928.10 and/or 4929.22 of the Ohio Revised Code.

File(s) attached

## B-3. Disclosure of liabilities and investigations

# **hio** Public Utilities Commission

For the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant, describe all existing, pending or past rulings, judgments, findings, contingent liabilities, revocation of authority, regulatory investigations, judicial actions, or other formal or informal notices of violations, or any other matter related to competitive services in Ohio or equivalent services in another jurisdiction.

## File Attached

## B-4. Disclosure of consumer protection violations

Has the applicant, affiliate, predecessor of the applicant, or any principal officer of the applicant been convicted orheld liable for fraud or for violation of any consumer protection or antitrust laws within the past five years?

Yes File(s) attached

## B-5. Disclosure of certification, denial, curtailment, suspension or revocation

Has the applicant, affiliate, or a predecessor of the applicant had any certification, license, or application to provide retail natural gas or retail/wholesale electric service denied, curtailed, suspended, revoked, or cancelled or been terminated or suspended from any of Ohio's Natural Gas or Electric Utility's Choice programs within the past two years?

No

## **B-6.** Environmental disclosures

Provide a detailed description of how the applicant intends to determine its generation resource mix and environmental characteristics, including air emissions and radioactive waste. Include the annual projection methodology and the proposed approach to compiling the quarterly actual environmental disclosure data. See 4901:1-21-09 of the Ohio Administrative Code for additional details of this requirement.

## File(s) attached

# **Chio** Public Utilities Commission Section C: Applicant Financial Capability and Experience

## C-1. Financial reporting

Provide a current link to the most recent Form 10-K filed with the Securities and Exchange Commission (SEC) or upload the form. If the applicant does not have a Form 10-K, submit the parent company's Form 10-K. If neither the applicant nor its parent is required to file Form 10-K, state that the applicant is not required to make such filings with the SEC and provide an explanation as to why it is not required.

Financial Reports Link(s): https://www.sec.gov/ix?doc=/Archives/edgar/data/1606268/000160626822000008/spke-20211231.htm

## C-2. Financial statements

Provide copies of the applicant's <u>two most recent years</u> of audited financial statements, including a balance sheet, income statement, and cash flow statement. If audited financial statements are not available, provide officer certified financial statements. If the applicant has not been in business long enough to satisfy this requirement, provide audited or officer certified financial statements does not have a balance sheet, income statement, and cash flow statement, the applicant may provide a copy of its two most recent years of tax returns with **social security numbers and bank account numbers redacted.** 

If the applicant is unable to meet the requirement for two years of financial statements, the Staff reviewer may request additional financial information.

Links to Financial Statement(s): Links to Financial Statements: 2020-10-K: https://www.sec.gov/Archives/edgar/data/1606268/000160626821000015/spke-20201231.htm

2021-10-K: https://www.sec.gov/ix?doc=/Archives/edgar/data/1606268/000160626822000008/spke-20211231.htm

## C-3. Forecasted financial statements

Provide two years of forecasted income statements **based** <u>solely</u> on the applicant's anticipated business activities in the state of Ohio.

# **hio** Public Utilities Commission

Include the following information with the forecast: a list of assumptions used to generate the forecast; a statement indicating that the forecast is based solely on Ohio business activities only; and the name, address, email address, and telephone number of the preparer of the forecast.

The forecast may be in one of two acceptable formats: 1) an annual format that includes the current year and the two years succeeding the current year; or 2) a monthly format showing 24 consecutive months following the month of filing this application broken down into two 12-month periods with totals for revenues, expenses, and projected net incomes for both periods. Please show revenues, expenses, and net income (revenues minus total expenses) that is expected to be earned and incurred in **business activities only in the state of Ohio** for those periods.

If the applicant is filing for both an electric certificate and a natural gas certificate, please provide a separate and distinct forecast for revenues and expenses representing Ohio electric business activities in the application for the electric certificate and another forecast representing Ohio natural gas business activities in the application for the natural gas certificate.

Preferred to file confidentially

## C-4. Credit rating

Provide a credit opinion disclosing the applicant's credit rating as reported by at least one of the following ratings agencies: Moody's Investors Service, Standard & Poor's Financial Services, Fitch Ratings or the National Association of Insurance Commissioners. If the applicant does not have its own credit ratings, substitute the credit ratings of a parent or an affiliate organization and submit a statement signed by a principal officer of the applicant's parent or affiliate organization that guarantees the obligations of the applicant. If an applicant or its parent does not have such a credit rating, enter 'Not Rated'.

This does not apply

## C-5. Credit report

Provide a copy of the applicant's credit report from Experian, Equifax, TransUnion, Dun and Bradstreet or a similar credit reporting organization. If the applicant is a newly formed entity with no credit report, then provide a personal credit report for the principal owner of the entity seeking certification. At a minimum, the credit report must show summary information and an overall credit score. **Bank/credit account numbers and highly sensitive identification information must be redacted.** If the applicant provides an acceptable credit rating(s) in response to C-4, then the applicant may select 'This does not apply' and provide a response in the box below stating that a credit rating(s) was provided in response to C-4.

File(s) attached

## C-6. Bankruptcy information

Within the previous 24 months, have any of the following filed for reorganization, protection from creditors or any other form of bankruptcy?

- Applicant
- Parent company of the applicant
- Affiliate company that guarantees the financial obligations of the applicant
- Any owner or officer of the applicant

No

## C-7. Merger information

Is the applicant currently involved in any dissolution, merger or acquisition activity, or otherwise participated in such activities within the previous 24 months?

No

## C-8. Corporate structure

Provide a graphical depiction of the applicant's corporate structure. Do not provide an internal organizational chart. The graphical depiction should include all parent holding companies, subsidiaries and affiliates as well as a list of all affiliate and subsidiary companies that supply retail or wholesale electricity or natural gas to customers in North America. If the applicant is a stand-alone entity, then no graphical depiction is required, and the applicant may respond by stating that it is a stand-alone entity with no affiliate or subsidiary companies.

## File(s) attached

## **C-9. Financial arrangements**

Provide copies of the applicant's financial arrangements to satisfy collateral requirements to conduct retail electric/natural gas business activities (e.g., parental guarantees, letters of credit, contractual arrangements, etc., as described below).

Renewal applicants may provide a current statement from an Ohio local distribution utility (LDU) that shows that the applicant meets the LDU's collateral requirements. The statement or

# **hio** Public Utilities Commission

letter must be on the utility's letterhead and dated within a 30-day period of the date the applicant files its renewal application.

First-time applicants or applicants whose certificate has expired must meet the requirements of C-9 in one of the following ways:

- The applicant itself states that it is investment grade rated by Moody's Investors Service, Standard & Poor's Financial Services, or Fitch Ratings and provides evidence of rating from the rating agencies. If you provided a credit rating in C-4, reference the credit rating in the statement.
- The applicant's parent company is investment grade rated (by Moody's, Standard & Poor's, or Fitch) and guarantees the financial obligations of the applicant to the LDU(s). Provide a copy of the most recent credit opinion from Moody's, Standard & Poor's or Fitch.
- 3. The applicant's parent company is not investment grade rated by Moody's, Standard & Poor's or Fitch but has substantial financial wherewithal in **the opinion of the Staff reviewer** to guarantee the financial obligations of the applicant to the LDU(s). The parent company's financials and a copy of the parental guarantee must be included in the application if the applicant is relying on this option.
- 4. The applicant can provide evidence of posting a letter of credit with the LDU(s) listed as the beneficiary, in an amount sufficient to satisfy the collateral requirements of the LDU(s).

## File(s) attached

## Section D: Applicant Technical Capacity

## **D-1. Operations**

<u>Power Marketers/Generators</u>: Describe the operational nature of the applicant's business, specifying whether operations will include the generation of power for retail sales, the scheduling of retail power for transmission and delivery, the provision of retail ancillary services, as well as other services used to arrange for the purchase and delivery of electricity to retail customers.

<u>Power Marketers/Generators</u>: Describe the operational nature of the applicant's business, specifying whether operations will include the generation of power for retail sales, the scheduling of retail power for transmission and delivery, the provision of retail ancillary services, as well as other services used to arrange for the purchase and delivery of electricity to retail customers.

## File(s) attached D-2. Operations Expertise & Key Technical Personnel

Given the operational nature of the applicant's business, provide evidence of the applicant's experience and technical expertise in performing such operations. Include the names, titles, e-mail addresses, and background of key personnel involved in the operations of the applicant's business.

File(s) attached

## D-3. FERC Power Marketer and License Number

Provide a statement disclosing the applicants FERC Power Marketer License Number (Power Marketers Only).

## **Experience & Plans**

## Experience

Verde Energy USA Ohio, LLC ("Verde Energy") is a retail energy service company that provides residential and commercial customers with alternative choices for their natural gas and electricity in competitive markets across the United States. Verde Energy's parent company, Via Renewables, Inc., operates in 94 utility service territories across 19 states and the District of Columbia with plans to continue expanding its geographic reach

Verde Energy has the necessary operational and managerial capabilities to serve all customer classes. The Verde Energy management team is comprised of individuals with significant experience in wholesale and retail energy supply.

## Contracting with Customers/Providing Contracted Services

Although not currently marketing in Ohio, Verde Energy has marketed its products through traditional channels of partnerships, digital advertising, some telemarketing, and door-to- door sales.

Enrollment: Although not currently enrolling customers, Verde Energy has enrolled potential customer in the past through the following ways:

(1) Paper Enrollment. Potential customers used a paper enrollment form that they filled out themselves and it was faxed/emailed to Verde Energy's headquarters. Customers received welcome packages with copies of all forms.

(2) Telephonic Enrollment. Potential customers were solicited over the phone by Verde Energy's vendor and could decide to sign up over the telephone and complete a third-party verification confirming the decision to enroll. Customers received welcome packages with copies of all forms.

(3) Door-to-Door Enrollment. Potential customers were solicited door-to-door by Verde Energy's vendor and could decide to sign up and complete a third-party verification confirming the decision to enroll. The door-to-door enrollment process was completed through paper enrollment forms and through the tablet application Calibrus. Customers received welcome packages with copies of all necessary forms upon enrollment.
(4) Web Enrollment. Potential customers previously could sign up for services through Verde Energy's website. Customers received welcome packages with copies of all forms
(5) Customer Care Center. Potential customers could call Verde Energy's Customer Care Center. A call center representative would enroll the customer and a third-party verification would be taken after such enrollment. Customers received welcome packages with copies of all forms.

(6) Retention Center. Verde Energy made outbound telemarketing calls to existing or former customers only for renewal or re-enrollment.

## Providing Contracted Services

Verde Energy currently provides customers with affordable green electricity and natural gas in Ohio.

## Providing Billing Statements

Consolidated billing statements are provided to the customer through their utility company.

## Response to Customer Inquiries and Complaints

Verde Energy commits to maintaining a fully trained staff of representatives to fulfill the needs of our customers. When a customer calls in with a question or complaint to the care center, the customer service representative will work with the customer to address any issues or problems. If the customer asks to have their enrollment canceled, the customer service representative processes it immediately.

If the complaint is not resolved, it is escalated to a call center lead/supervisor. The lead/supervisor will attempt to de-escalate the issue and if for any reason it is not resolved, the lead/supervisor will escalate it to the Office of the President ("OOP"). The OOP is responsible for mitigating and resolving customer escalations by working with the customer to reach a mutually agreeable resolution with the goal of achieving customer satisfaction.

#### Exhibit B-3: Disclosure of Liabilities and Investigations Exhibit B-4: Disclosure of Consumer Protection Violations

Verde Energy USA Ohio, LLC does not have any existing, pending, or past rulings, judgments, contingent liabilities, and revocation of authority, regulatory investigations, or any other matters that we believe would adversely impact our financial or operations status or adversely affect our ability to provide retail electrical or natural gas supply services for which we are seeking to provide services as a retail electric and/or retail natural gas service provider.

The Company, from to time to time, received and responded to customer inquiries that have been elevated to more formal complaints or investigations with the regulatory bodies of the states in which we do business at the entity level. However, none of these matters have caused the Company in the past, nor are likely in the future in our belief, to prohibit the Company from continuing to comply with its obligations or have otherwise prevented it from performing such activities, except where specifically restricted or prohibited by each jurisdiction.

Provided below are summaries of pending and closed matters that have occurred overtime.

#### Pending Matters

#### Exhibit B-3: Disclosure of Liabilities and Investigations Exhibit B-4: Disclosure of Consumer Protection Violations

Verde Energy USA Ohio, LLC does not have any existing, pending, or past rulings, judgments, contingent liabilities, and revocation of authority, regulatory investigations, or any other matters that we believe would adversely impact our financial or operations status or adversely affect our ability to provide retail electrical or natural gas supply services for which we are seeking to provide services as a retail electric and/or retail natural gas service provider.

The Company, from to time to time, received and responded to customer inquiries that have been elevated to more formal complaints or investigations with the regulatory bodies of the states in which we do business at the entity level. However, none of these matters have caused the Company in the past, nor are likely in the future in our belief, to prohibit the Company from continuing to comply with its obligations or have otherwise prevented it from performing such activities, except where specifically restricted or prohibited by each jurisdiction.

Provided below are summaries of pending and closed matters that have occurred overtime.

# Via Renewables, Inc.

(f/k/a Spark Energy. Inc) Structure

## **Operations**

Verde Energy USA Ohio, LLC ("Verde") markets electricity as a competitive retail electric supplier in Ohio. Verde does not own generation of power sources or ancillary services. Verde Ohio operations do not provide delivery services. Verde acquires electric generation supply in the PJM through wholesale transactions.

## **Operations Expertise and Key Technical Personnel**

Verde Energy obtained approval from the Public Utilities Commission of Ohio to operate as a CRES supplier on March 29, 2012 (Case No. 11-5886-EL-CRS) and obtained approval to operate as a CRNGS supplier on December 5, 2013 (Case No. 13-2164-GA-CRS).

Verde Energy has the necessary operational and managerial capabilities to serve all customer classes, including residential, commercial, and industrial customers. Verde Energy's management team and key technical personnel teams are comprised of individuals with significant experience in wholesale and retail energy. Verde Energy's management and technical personnel have a combined total of more than 60 years of industry experience and have served markets in numerous states and markets.

## Management Team:

## W. Keith Maxwell III

Chief Executive Officer & Chairman of the Board of Directors 12140 Wickchester Ln., Suite 100 Houston, TX 77079 kmaxwell@viarenewables.com (713) 977-5641

Mr. Maxwell serves as Chairman of the Board of Directors and was appointed to this position in connection with the IPO in 2014. Mr. Maxwell also serves as Chief Executive Officer of Spark Energy as well as Chief Executive Officer of several privately owned energy related companies. Prior to founding the predecessor of Spark Energy in 1999, Mr. Maxwell was a founding partner in Wickford Energy, an oil and natural gas services company which was sold to Black Hills Utilities in 1997. Prior to Wickford Energy, Mr. Maxwell was a partner in Polaris Pipeline, a natural gas producer services and midstream company that sold to TECO Pipeline in 1994. In 2010, Mr. Maxwell was named Ernst & Young Entrepreneur of the Year in the Energy, Chemicals and Mining category. A native of Houston, Texas, Mr. Maxwell earned a Bachelor's Degree in Economics from the University of Texas at Austin in 1987. We believe that Mr. Maxwell's extensive energy industry background, leadership experience, and strategic planning and oversight brings an important skill set to our board of directors.

## Paul Konikowski

Chief Operating Officer 12140 Wickchester Ln., Suite 100 Houston, TX 77079 pkonikowski@viarenewables.com (832) 294-1955

Paul Konikowski was appointed Chief Operating Officer in November 2021. Immediately prior to his appointment as COO, Mr. Konikowski served as Senior Vice President of National Gas and Electric ("NG&E"), a position he had held since April 2015.

Prior to NG&E, Mr. Konikowski served as Chief Operating Officer of Glacial Energy and Senior Vice President and Chief Information Officer of Via Renewables, Inc. (formerly Spark Energy, Inc.). Mr. Konikowski has extensive retail energy experience spanning 20+ years including, sales, operations, risk and IT.

Mr. Konikowski holds a Bachelor of Business Administration in Computer Information Systems and Marketing from Stephen F. Austin State University.

## Mike Barajas

Chief Financial Officer 12140 Wickchester Ln., Suite 100 Houston, TX 77079 mbarajas@viarenewables.com (832) 217-1827

Mike Barajas was appointed Chief Financial Officer in November 2021. Immediately prior to his appointment as CFO, Mr. Barajas served as the Vice President of Finance and Investor Relations. Mr. Barajas oversees the Company's accounting, tax, SEC reporting, treasury, financial planning and analysis, and investor relations functions. He is also the Chief Risk Officer.

Prior to rejoining the Company in 2019, Mr. Barajas worked for several energy companies including Spark Energy from 2009 to 2014, Marlin Midstream, Xcalibur Logistics, and National Gas & Electric with leadership experience in accounting, finance, mergers & acquisitions, and treasury.

Mr. Barajas holds a Master of Science in Accounting and a Bachelor of Business Administration from the C.T. Bauer College of Business at The University of Houston. Mr. Barajas is a Certified Public Accountant in the state of Texas.

In addition to the management team listed here, Verde Energy has a team of key operating personnel that have extensive technical experience in retail and natural gas supply to residential and commercial customers in numerous states within the United States. See attached *Procedure for Onboarding and Training of Trading Personnel – Power*. Verde Energy's management and key operating personnel will oversee the operations of Verde Energy from its headquarters in Houston, Texas.

## Customer Service:

Verde Energy has a Regulatory Department to address customer concerns and complaints. When complaints come into the Regulatory Department (whether from the PUCO Staff, directly from a customer, or through an escalation from a customer service representative), team members in the Regulatory Department log the complaints, analyze the complaints, investigate the allegations, prepare responses to the complaints, correspond with the PUCO Staff or customer directly, and recommend/initiate resolution of the complaint, if necessary. Before being permitted to interact with live complaints and individuals, the Regulatory Department team members receive training

on Ohio regulations, how to investigate complaints, how to respond to complaints, and how to escalate potential compliance issues.

## Other Operations:

Additionally, Verde Energy has partnered with VertexOne, a well-known third-party vendor in the retail energy space, to assist with its operations in Ohio. VertexOne acquired Verde Energy's previous EDI provider (EC Infosystems). VertexOne performs EDI transactions and is providing billing and CIS services. For 30 years, VertexOne has been helping utilities and energy companies across North America achieve digital transformation and business process optimization.

Verde Energy relies on VertexOne to provide EDI and CIS support. VertexOne's services and systems address all of the retail energy business process needs that do not require end-use customer interactions. VertexOne's expertise in serving clients in retail markets allows Verde Energy to focus resources on customer experience, pricing, procurement, and regulatory and administrative functions while knowing that a reliable and scalable back-office system serves as the foundation for its business.

#### Via Renewables, Inc. – Procedure for the onboarding and training of Trading Personnel - Power

Via Renewables, Inc., through its subsidiaries Spark HoldCo, LLC, Spark Energy Gas, LLC, Spark Energy, LLC, Oasis Power, LLC, CenStar Energy Corp., CenStar Operating Company, LLC, Major Energy Services, LLC, Major Energy Electric Services, LLC, Respond Power LLC, Electricity Maine, LLC, Electricity N.H., LLC, Provider Power Mass, LLC, Perigee Energy, LLC, and Verde Energy USA, INC (collectively, the "Companies" or "Spark"), buys and sells natural gas and electricity in conjunction with its operations.

The Companies ensure that personnel involved with hedging, transacting, and scheduling across ISOs meet stringent experience and knowledge requirements. In order to be considered for such responsibilities, the Companies screens applicants based on prior experience and demonstrated knowledge of Northeast power markets, ISO processes and protocols, commodity/derivative markets, and hedging strategies. The Companies seek a minimum of 3 years of related experience in order to be considered.

Upon selection each trader spends substantial time with existing traders and other necessary personnel to acquire knowledge of the Companies methodologies and risk/trading systems. After the new trader has proven his/her proficiency within the given market and all associated risk functions according to the Vice President of Supply, the trader is then deemed autonomous and thereafter governed by the Companies internal risk controls regarding their delegation of authority.

A broad overview of current trading personnel at Spark Energy:

Trader A:	10+ years of industry experience; entered the industry through retail power pricing and structuring where granular knowledge of ERCOT, PJM, ISONE and NYISO was attained and used in power price modeling and margin analytics; began trading in the Northeast cash markets (NYISO and NEISO) prior to moving to term trading across all of the Companies current active markets.
Trader B:	18+ years of industry experience; began as a real-time scheduler and trader and quickly moved to managing the real-time market activities prior to overseeing all of the Companies cash month operations.
Trader C:	15+ years of industry experience; started in Midwest natural gas before trading renewables in North American markets to manage the entirety of company's Renewable Energy products across the entire portfolio.
Trader A:	Braxton Maddox – Senior Director, Power Supply
	Phone: 713-855-8187
Trader B:	Danny Bordeaux – Director, Cash Month Power Supply
	Phone: 713-823-3107
Trader C:	David Otte – Director, Renewables
	Phone: 832-217-1845

It is a priority that one of the Companies traders has the responsibility of being the primary contact for all ISO correspondence including market rule changes, market protocols, upcoming auction notices, etc. Such information is disseminated to the proper personnel or the entire Power Supply Team as necessary.

## **Environmental Disclosure**

Verde Energy Ohio, LLC will use the PJM system mix percentages for our filings for the prior year, and use Q4 data of current year to estimate the annual system mix with our forecasted load.

The scores and ratings included in this report are designed as a tool to assist the user in making their own credit related decisions, and should be used as part of a balanced and complete assessment relying on the knowledge and expertise of the reader, and where appropriate on other information sources. The score and rating models are developed using statistical analysis in order to generate a prediction of future events. Dun & Bradstreet monitors the performance of thousands of businesses in order to identify characteristics common to specific business events. These characteristics are weighted by significance to form rules within its models that identify other businesses with similar characteristics in order to provide a score or rating.

Dun & Bradstreet's scores and ratings are not a statement of what will happen, but an indication of what is more likely to happen based on previous experience. Though Dun & Bradstreet uses extensive procedures to maintain the quality of its information, Dun & Bradstreet cannot guarantee that it is accurate, complete or timely, and this may affect the included scores and ratings. Your use of this report is subject to applicable law, and to the terms of your agreement with Dun & Bradstreet.

Placed for collections

Total in D&B's file

Accounts are sometimes placed for collection even though the existence or amount of the debt is disputed. Payment experiences reflect how bills are met in relation to the terms granted. In some instances payment beyond terms can be the result of disputes over merchandise, skipped invoices etc. Each experience shown represents a separate account reported by a supplier. Updated trade experiences replace those previously reported.

# **Competitive Retail Electric Service Affidavit**

County of <u>Harris</u>:

State of Texas

Mike Barajas , Affiant, being duly sworn/affirmed, hereby states that:

- 1. The information provided within the certification or certification renewal application and supporting information is complete, true, and accurate to the best knowledge of affiant, and that it will amend its application while it is pending if any substantial changes occur regarding the information provided.
- 2. The applicant will timely file an annual report of its intrastate gross receipts, gross earnings, and sales of kilowatt-hours of electricity pursuant to Sections 4905.10(A), 4911.18(A), and 4928.06(F), Ohio Revised Code.
- 3. The applicant will timely pay any assessment made pursuant to Sections 4905.10, 4911.18, and 4928.06(F), Ohio Revised Code.
- 4. The applicant will comply with all applicable rules and orders adopted by the Public Utilities Commission of Ohio pursuant to Title 49, Ohio Revised Code.
- 5. The applicant will cooperate fully with the Public Utilities Commission of Ohio, and its Staff on any utility matter including the investigation of any consumer complaint regarding any service offered or provided by the applicant.
- 6. The applicant will fully comply with Section 4928.09, Ohio Revised Code regarding consent to the jurisdiction of Ohio Courts and the service of process.
- 7. The applicant will comply with all state and/or federal rules and regulations concerning consumer protection, the environment, and advertising/promotions.
- 8. The applicant will use its best efforts to verify that any entity with whom it has a contractual relationship to purchase power is in compliance with all applicable licensing requirements of the Federal Energy Regulatory Commission and the Public Utilities Commission of Ohio.
- 9. The applicant will cooperate fully with the Public Utilities Commission of Ohio, the electric distribution companies, the regional transmission entities, and other electric suppliers in the event of an emergency condition that may jeopardize the safety and reliability of the electric service in accordance with the emergency plans and other procedures as may be determined appropriate by the Commission.
- 10. If applicable to the service(s) the applicant will provide, it will adhere to the reliability standards of (1) the North American Electric Reliability Council (NERC), (2) the appropriate regional reliability council(s), and (3) the Public Utilities Commission of Ohio.
- 11. The Applicant will inform the Public Utilities Commission of Ohio of any material change to the information supplied in the application within 30 days of such material change, including any change in contact person for regulatory purposes or contact person for Staff use in investigating consumer complaints.

- 12. The facts set forth above are true and accurate to the best of his/her knowledge, information, and belief and that he/she expects said applicant to be able to prove the same at any hearing hereof.
- 13. Affiant further sayeth naught.
