**RE: Pre-Application Notification Letter
In the matter of the Letter of Notification Application of AEP Ohio
Transmission Company, Inc. for a Certificate of Environmental
Compatibility and Public Need for the Cottrell North and South 138-kV
Transmission Line Extension Project in Case No. 22-0950-EL-BLN**

Dear Ms. Troupe:

AEP Ohio Transmission Company, Inc. (the “Company”) files this pre-application notification letter for the above-referenced Project pursuant to Rule 4906-6-03(A) of the Ohio Administrative Code.

The Company proposes the Cottrell North and South 138-kV Transmission Line Extension Project (“Project”), in Porter Township, Scioto County, Ohio. The Project involves construction of two single-circuit transmission lines from the existing South Point-Portsmouth 138-kV Transmission Line, specifically the western East Wheelersburg-Millbrook 138-kV Circuit, to a proposed non-jurisdictional substation, referred to as Cottrell Station. The Cottrell North 138-kV Extension and the Cottrell South 138-kV Extension are each 0.3-mile in length and run parallel as they enter Cottrell Station from the east.

The Company anticipates that construction of the Project will begin in October 2023. The anticipated in-service date for the Project is January 2024.

Respectfully submitted,

/s/ Hector Garcia

Hector Garcia (0084517), Counsel of Record
Counsel for AEP Ohio Transmission Company, Inc.
