Re: **Madison 345kV Substation Project**
PUCO Case No. 22-1079-EL-BLN
Proof of Compliance with Ohio Administrative Codes 4906-6-07 and 4906-6-08

Dear Chairman French,

The Dayton Power and Light Company doing business as “AES Ohio” files this proof of compliance set forth in Rules 4906-6-07 and 4906-6-08 of the Ohio Administrative Code (“OAC”) for the above-referenced project application:

1. In accordance with OAC 4906-6-07(A)(1), AES Ohio served a copy of the Letter of Notification to each required chief executive officer or public agency head on December 2, 2022 (Enclosures 1, 2, & 3).
2. In accordance with OAC 4906-6-07(A)(2), AES Ohio served a copy of the Letter of Notification to the main public library on December 2, 2022 (Enclosure 2 & 3).
3. In accordance with OAC 4906-6-07(A)(3), AES Ohio maintains on its website information explaining how to request an electronic or hard copy of the Letter of Notification.
4. In accordance with OAC 4906-6-08(B), AES Ohio mailed a letter describing the project to each property owner and affected tenant via first class mail on December 1, 2022 (Enclosure 4). Ohio Power Siting Board (“OPSB”) staff will be receiving a confidential e-mail with the names of those notified.

Respectfully submitted,

ss:/ *Randall V. Griffin*

Re: **Service of Letter of Notification to Local Public Officials**
Madison 345 kV Substation Project
PUCO Case Number 22-1079-EL-BLN

Dear Commissioners:

The Dayton Power and Light Company, doing business as “AES Ohio” plans to construct the new electric transmission, Madison 345 kilovolt (“kV”) Substation, located south of South Charleston, in Madison Township, within Clark County, Ohio. The new 345/69kV substation is to be sited on approximately 7 acres, located on South Charleston Pike (SR-41) and will tap into the existing Greene-Beatty 345kV transmission line and involves the installation of eight 345kV breakers arranged in a breaker-and-one-half configuration, three 69kV breakers also arranged in a ring bus, a 345/69kV transformer and associated equipment. The construction is located entirely on AES Ohio-owned property. On December 1, 2022, AES Ohio submitted an application to the Ohio Power Siting Board (PUCO Case Number 22-1079-EL-BLN) that includes details of the Project.

In accordance with Rule 4906-6-08 of the Ohio Administrative Code, enclosed is an electronic copy of the application on a flash drive. We ask that upon request the application be made available to the public. Hard copies are available upon request.

Electronic copies of the application have been distributed to local government officials identified in Section 4906-6-08: Public Notice for Letter of Notification Applications of the application. A hard copy of the application will be provided on a flash drive to the Clark County Public Library Houston Branch for public access.

For additional details about the OPSB and this Project, please refer to the OPSB website at <https://www.opsb.ohio.gov/> and search Case Number 22-1079-EL-BLN.

If you have questions, please email at dpltransmissionmaintenancegroup@aes.com.

Sincerely,

AES Ohio

Re: **Letter of Notification Application**
Madison 345kV Substation Project
PUCO Case Number 22-1079-EL-BLN
Parcel(s): XXXX

Dear Sir or Madam:

The Dayton Power and Light Company doing business as “AES Ohio” is planning the construction of the new electric transmission, Madison 345 kilovolt (“kV” Substation Project (the “Project”), located south of South Charleston, on Ohio State Route 41 (OH-41), in Madison Township, within Clark County, Ohio. This project is part of wider area enhancements that will improve reliability in the southeastern portion of the AES Ohio service territory by adding a new transmission line to South Charleston and the Jeffersonville area. On December 1, 2022, AES Ohio submitted an application to the Ohio Power Siting Board (“OPSB”; PUCO Case Number 22-1079-BLN) that includes details of the project. All construction will be on AES Ohio property, but because the Project is in the vicinity of your property, you are being notified.

In accordance with Ohio Administrative Code (“OAC”) Rule 4906-6-05, this Project falls within OPSB requirements for a Letter of Notification (“LON”) Application. An electric copy of the LON Application is on file in OPSB Case No. 22-1079-EL-BLN and can be found on the website, <https://dis.puc.state.oh.us/> by inputting 22-1079 into the Case Lookup space. In addition, AES Ohio maintains a website (<https://www.aes-ohio.com/madison-345-kv-substation-project>), which provides the public information about the Project and how to request a copy of the LON. A hard copy of the LON Application is also available for public review at the Clark County Public Library Houston Branch at 5 West Jamestown Street, South Charleston, Ohio, 45368. Furthermore, the hard copy of the application is available at the offices of the OPSB, c/o Public Utilities Commission of Ohio, Utilities Department, 12th Floor, Borden Building, 180 East Broad Street, Columbus, Ohio 43215-3793, or on the website of the OPSB: <https://www.opsb.ohio.gov>.

You may provide comments or ask questions to AES by email at dpltransmissionmaintenancengroup@aes.com. Also, you may send your comments directly to the OPSB at 180 East Broad Street, Columbus, Ohio, 43215-3793. You may also contact the OPSB at (866) 270-6772 or contactopsb@puc.state.oh.us. (Note: You can file petitions to intervene in the OPSB process to the siting board up to 10 days following the public notice announcing the project).

Respectfully submitted,

Randall V. Griffin
