**RE: Hillcrest Solar Project
Case Nos. 17-1152-EL-BGN, 18-1267-EL-BGA, and 20-0614-EL-BNR
As-Built Package Submission Extension Request**

Dear Mr. Zeto;

Hillcrest Solar I, LLC (Hillcrest Solar) is certified to construct a solar-powered electric generation facility in Brown County, Ohio in accordance with the Certificate of Environmental Compatibility and Public Need (CECPN or Certificate) from the Ohio Power Siting Board (OPSB) on February 15, 2018 (OPSB Case Number: 17-1152-EL-BGN), Order on Certificate on February 21, 2019 (OPSB Case Number: 18-1267-EL-BGA), and Construction Notice on June 21, 2020 (OPSB Case Number: 20-0614-EL-BNR).

Per Condition No. 5 of the Certificate, as-built specifications for the Hillcrest Solar Project are to be submitted to the OPSB 60 days upon completion of the project. As construction activities had been ongoing on site, Hillcrest Solar has previously requested extension for the as-built submission to December 16, 2022 with the OPSB.

Civil remediation activities and final surveys were completed in the fall of 2022. Hillcrest Solar has requested an additional extension of the as-built submission to March 16, 2023 to allow for compilation and verification of the remaining documents. This letter serves to record this request on the compliance docket.

We are available, at your convenience, to answer any questions you may have.

Sincerely,

Julia Mancinelli, Director – Environment
