Staff Review and Recommendation for
Bio Energy Strategy and Tactics
Case Nos. 22-0169-EL-CRS

On March 3, 2022, Bio Energy Strategy and Tactics (Bio Energy or Applicant) filed an application with the Commission seeking certification as a competitive retail electric service (CRES) provider in Ohio. The Applicant filed multiple revisions to the initial application on March 21, 2022 and March 25, 2022. Even with these revisions, the Applicant was still missing information related to its managerial, financial, and technical capabilities. Then on March 30, 2022, the application was suspended in order to give the Commission and Staff additional time.

To date, there have been no additional revisions filed in the docket. The application, as filed, does not include all the necessary information to complete a thorough review of the Applicant's ability to provide CRES in Ohio. At this time, Staff is recommending that this application be dismissed as incomplete.
